

Decision 03-06-021 June 5, 2003

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Jasvir Singh doing business as Classic Airport Shuttle Service for authority to operate as a passenger stage corporation between points in Alameda County, Santa Clara County, and San Mateo County and Oakland International Airport, San Francisco International Airport, and San Jose International Airport.

Application 03-02-009
(Filed February 4, 2003)

O P I N I O N

Summary

This decision grants the application of Jasvir Singh (Applicant), an individual, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226.

Discussion

Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points and places in Alameda, Santa Clara, and San Mateo Counties, on the one hand, and Oakland (OAK), San Francisco (SFO), and San Jose (SJC) International Airports, on the other hand. Applicant owns one 7-passenger van. He states he has three years experience in this field.

The proposed fares as listed in Exhibit C of the application range between \$12 (Millbrae - SFO) and \$69 (Livermore - OAK). Exhibit D of the application is

an unaudited balance sheet that discloses assets of \$45,600, liabilities of \$1,500, and net worth of \$44,100.

Notice of filing of the application appeared in the Commission's Daily Calendar on February 14, 2003. Applicant requests a waiver from the provisions of Rule 21 of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice to the three involved counties, 20 cities, the affected airports and public transit operators in the service area. Applicant states that all parties that have an interest in Commission proceedings subscribe to or have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 87 and grant the waiver requested by Applicant because he will be providing on-call service, not scheduled service, and service on all cities in the service territory would be burdensome.

In Resolution ALJ 176-3108 dated February 27, 2003, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3108.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Assignment of Proceeding

Richard Clark is the assigned Examiner in this proceeding.

Findings of Fact

1. The application requests authority to operate as an on-call PSC to transport passengers and their baggage between points and places in Alameda, Santa Clara, and San Mateo Counties, on the one hand, and OAK, SFO, and SJC, on the other hand.
2. Public convenience and necessity requires the proposed service.
3. Applicant requests a waiver of the notice requirements of Rule 21 of the Rules of Practice and Procedure as he has served notice to three counties, 20 cities, the affected airports and public transit operators in the service area.
4. No protest to the application has been filed.
5. A public hearing is not necessary.
6. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. Public convenience and necessity has been demonstrated and the application should be granted.
2. The request to waive the notice requirements of Rule 21 should be granted.
3. Since the matter is uncontested, the decision should be effective on the date it is signed.
4. Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
